

SUMMARY OF OPERATIONS
DURING LAST FOUR DAYS

Whole of German Right Wing Falls
Back In Considerable
Disorder.

CLOSELY FOLLOWED BY ALLIES

Six Thousand Prisoners and Fifteen
Guns Captured, and Enemy Re-
ported to Be Continuing Retreat
Rapidly Over the Aisne.

LONDON, September 12 (11:25 P. M.).
The official press bureau makes the
following statement:

"A summary, necessarily incomplete,
may be attempted of the operations of
the British expeditionary force and the
French army during the last four days.
On September 8 the southwest ad-
vance of the German right wing reached
the extreme point at Comblanchien and
Provins, cavalry patrols having pene-
trated even as far south as Nogent-
sur-Seine.

"This movement was covered by a
large banking force west of the line of
the River Oise, watching the outer
Paris defenses and any allied force
that might come from them.

"The southwest movement of the
enemy left his right wing in a dan-
gerous position, as he had evacuated
the Crecy-Senlis Comblanchien region,
through which his advance had been
pushed.

"The allies attacked this exposed
wing both in front and on the flank
September 8. The converging force was
assisted by a French army based on
the Paris defenses, and brought to
action on the line between Nanterre-
le-Hautain and Neuilly.

"The combined operations up to the
present have been completely success-
ful. The German right wing was forced
back as far as the line of the Oise
River. There it made a strong defense
and executed several vigorous counter-
attacks, but was unable to beat off
the pressure of the French advance.

"The main body of the enemy's right
wing vainly endeavored to defend the
line of the Grand Morin River, and
then that of the Petit Morin. Pressed
back over both of these rivers, and
threatened on its right, owing to the
defeat of the covering force by the al-
lied left, the German right wing re-
treated over the Marne September 10.

"The British army, with a por-
tion of the French forces on its left, crossed
this river below Chateau Thierry—a
movement which obliged the enemy's
forces west of the Oise to be re-
called by the French corps forming
the extreme left of the allies, to give
way and retreat northward in the
direction of Soissons.

"On September 10 the whole of the
German right wing has fallen back
in considerable disorder, closely fol-
lowed by the French and British
troops.

"Continues Retirement
RAPIDLY OVER AISNE
Six thousand prisoners and fifteen
guns were captured, and the enemy is
reported to be continuing his retreat
rapidly over the Aisne, evacuating the
Soissons region.

"The British cavalry is reported to-
day to be at Flines not far from
Bligny.

"While the German right wing thus
has been driven back and thrown into
disorder, the French armies further
to the east have been strongly engaged
with the German centre, which had
pushed forward as far as Vitry-le-
François. Between September 8 and
10, our allies were unable to make much
impression west of Vitry. On the 11th,
however, this portion of the German
army began to give way, and eventu-
ally abandoned Vitry-le-François.

"Between the Upper Marne and the
Meuse, the French troops are following
up the enemy and driving a portion
of his forces northward toward the
Argonne forest country.

"The third French army reports to-
day that it has captured the entire
army of a hostile army corps, a
capture which probably represents
about 160 guns. The enemy, thus in
retreat along the whole line west of
the Meuse, has suffered gravely in
morale, besides encountering heavy
losses in personnel and material.

TOWN OF HERBERTSHOEHE
OCCUPIED BY BRITISH

Sent of Government of German Bis-
mark Archipelago and Solomon
Islands.

SURRENDER IS UNCONDITIONAL

English Flag Hoisted Without Diffi-
culty, but Some Resistance Is Of-
fered While Force Is Destroying
Wireless Apparatus.

LONDON, September 12 (2:30 P. M.).
The Admiralty announced this after-
noon that the British fleet has occupied
Herbertshoehe, on Blanche Bay, the
seat of government of the German
Bismarck Archipelago and the Solomon
Islands.

The official press bureau gave out
this statement:

"A telegram has been received from
Rear-Admiral Sir George E. Pater,
commanding the Australian navy, an-
nouncing the occupation at 7 A. M.
September 11 of the town of Herbert-
shoehe, the island of New Pomer-
ni (date New Britain).

"The British flag was hoisted with-
out difficulty.

"A naval landing party under Com-
mander J. A. Beaufort, of the Aus-
tralian navy, established themselves on
shore at dawn without the knowledge
of the enemy, but soon being detected,
offered while the force was destroying
the wireless telegraph apparatus, and
the landing party had to force its way
for a distance of four miles through
the bush, the road in several places
being mined.

"The German officer in command of
the parties in the trench 500 yards from
the station surrendered unconditionally.
The casualties are: killed, Lieuten-
ant-Commander Charles H. Elwell and
two seamen of the Australian navy
reserve; wounded, ten seamen.

"The German casualties are not
known, but two German officers, five
noncommissioned officers and thirteen
native policemen were taken prisoner."

The Bismarck Archipelago, with an
area of 18,000 square miles and a popu-
lation of 200,000, is off the north coast
of Australia and southeast of the
Philippine Islands. The group was
assigned to the German Empire by
virtue of an agreement with Great
Britain in 1885. German New Guinea
is included in the jurisdiction.

ing or danger of blood poisoning. No more
limping around for days with sore
corns, no more corn pain!

CATARRH OF HEAD AND STOMACH

Took Peruna
Five Bottles
Cured Me

Mr. Frank Hieber, No. 309 East
Second Street, Winona, Minn., writes:
"My catarrh was principally located
in my head and stomach. I tried
many remedies without success. I
tried several doctors, but they were
unable to cure me. I read of Peruna
in the papers, and five bottles cured
me.

"As a remedy for catarrh I take
pleasure in recommending Peruna
for catarrh of the stomach. I know
what it is to be afflicted with this
awful disease and consider it my
duty to say a word in behalf of the
remedy which gave me such relief.
Peruna cured me, and I know it will
cure any one else who suffers from
this disease. It gives me great
pleasure to testify to the curative
effects of this medicine. Peruna is
a well tested and frequently used
remedy, and for catarrh of the stom-
ach it is unsurpassed."

As a rule, people when ailing apply very properly to a doctor before re-
sorting to a ready-to-take medicine. The great majority are cured by the
doctor. But a per cent. of chronic cases fail to find a cure and at
last begin to use ready-to-take medicines. It is very noticeable indeed the
number of people among our testifiers who say that it was only after the
doctor had failed to cure them that they were induced to take Peruna.
Then they find to their relief, to their surprise, to their joy, that Peruna
is the remedy they should have taken at first.
